

Protection Plans

Trimble Protected Premium

You buy Trimble® Survey hardware because you know you can count on Trimble equipment to get the job done. Your Trimble equipment comes with a factory warranty that is our promise to you that we stand behind our Trimble products. Because we understand that you may want to continue to use your Trimble equipment beyond the factory warranty period, Trimble offers additional coverage with Trimble Protected Premium protection plans. These plans include Accidental Damage on select hardware, and FIVE YEARS of software and firmware coverage for eligible receivers and controllers!

No-Worry Protection For Product Failures

The new Trimble Protected Premium is a multiyear plan that supplements the factory warranty to provide you with FIVE years of protection against product failure, environmental damage, wear and tear, protection from surges in Trimble power supplies, drops, falls, liquid spills, broken screens or similar types of accidents. No matter whether you need a warranty-type repair, your instrument broke as the result of an accident or you just want to buy software coverage once and then be worry-free for five years, Trimble has you covered!

Has this happened to you?

- You accidentally dropped your data collector and its screen cracked. If you had Trimble Protected Premium you wouldn't have to worry.
- You tripped while using your Trimble receiver and cracked its housing. If you had Trimble Protected Premium you could be assured that the unexpected wouldn't affect the rest of your project.
- Your tablet was sitting on your desk at work and one of your coworkers spilled hot coffee on the tablet and didn't know it! If you had Trimble Protected Premium with Accidental Damage you would know that Trimble Protected is there for you.
- Your employee backs up your truck and doesn't see your total station and tripod behind him and the total station falls to the ground. Trimble Protected Premium will be there to help!

Trimble Protected Premium Protection Plans Protect You from the Hazards of Everyday Work on the Job.

Benefits

- Trimble Protected Premium is the only plan designed specifically for buyers of new Trimble Survey hardware; it enhances and sustains your entire ownership experience with worry-free coverage
- This five year protection plan costs less than buying a new instrument if it needs to be replaced; locks in tomorrow's repair and replacement costs at today's prices
- Our Trimble Protected Premium coverage entitles you to a new or like-new piece of equipment with comparable features if yours can't be fixed, or if it simply makes more sense to replace it
- Trimble Access software comes with your Trimble Protected Premium protection plan for receivers and controllers. Software protection plans keep your data workflow set running at the highest performance level possible
- It's backed by Trimble Inc. which has earned the reputation of taking care of their customers
- Your protection plan ensures that you pay no deductible and no out of pocket fees for parts and labor on covered repairs or replacement. You keep your cash in your business instead of fixing your equipment
- Having a current Trimble Protected Premium protection plan helps you receive the latest capabilities when using your receiver or controller with your Trimble Access software
- Trimble Protected Premium keeps you running, minimizes unnecessary downtime and improves your overall efficiency

Trimble Protected Premium makes good business sense and is an excellent way to protect your cash flow and minimize the risk of doing business!

Trimble Protected Premium is available on specific models of data collectors, total stations & GNSS receivers.

Trimble Protected Premium

Five FULL Years of Coverage

Available for purchase only at the product point of sale, Trimble Protected Premium coverage begins immediately and runs concurrently with the factory warranty and throughout the protection plan period. Trimble will either repair the instrument OR replace the instrument with a new or refurbished instrument if the unexpected should happen.

Additionally, Trimble Protected Premium provides FIVE YEARS of firmware and Trimble Access software for eligible receivers and controllers!

| Trimble Protected Premium Coverage | | | | | | | |
|--|---|---|---|--|--|--|---|
| Plan protects a full five years no matter how long your Factory Warranty is that's being Trimble Protected | | | | | | | |
| 1 Year Factory Warranty includes Accidental Damage (Year 1) | + | Trimble Protected Premium includes Accidental Damage (Year 2) | Trimble Protected Premium includes Accidental Damage (Year 3) | Trimble Protected Premium includes Accidental Damage (Year 4) | Trimble Protected Premium includes Accidental Damage (Year 5) | | |
| 2 Year Factory Warranty includes Accidental Damage (Year 1) | | 2 Year Factory Warranty includes Accidental Damage (Year 2) | + | Trimble Protected Premium includes Accidental Damage (Year 3) ** | Trimble Protected Premium includes Accidental Damage (Year 4) ** | Trimble Protected Premium includes Accidental Damage (Year 5) ** | |
| 3 Year Factory Warranty includes Accidental Damage (Year 1) | | 3 Year Factory Warranty includes Accidental Damage (Year 2) | | 3 Year Factory Warranty includes Accidental Damage (Year 3) | + | Trimble Protected Premium includes Accidental Damage (Year 4) | Trimble Protected Premium includes Accidental Damage (Year 5) |

****Don't forget you get an annual preventive maintenance (adjustments & calibration) service in year three, four and five on Trimble total stations!**

Hardware/Firmware/Software

Trimble Protected Premium is available on all the following instruments. With the data collectors and receivers plan, Trimble Protected Premium also includes the firmware and software coverage.

| Category | Product Name |
|---------------------------|--|
| Data Collectors & Tablets | TSC7, TSC5, TCU5, T7, T100, TDC600, TDC600v2 |
| GPS/GNSS Receivers | R2, R12, R12i |
| AutoLock Total Stations | S5, S5 Ti-M, S7, S9 |
| Robotic Total Stations | S5, S7, S9 |

Important Information

- If the instrument cannot be repaired it will be replaced one time. After one replacement, the hardware protection plan ends, and the user can transfer the Trimble Access software to a new instrument. The software portion of the plan continues to the expiration of the protection plan
- Replaced instruments come with a factory warranty; a Trimble Protected Premium plan can be repurchased to continue coverage
- Abuse is not covered by the plan
- Instruments with cosmetic damage like dings, dents, scratches, etc. that function normally not covered
- Trimble Protected Premium does not cover lost or stolen instruments
- Trimble Protected Premium covers hardware only on eligible total stations.
